

Manufacturer:
Jonard Industries Corp.

Product Name:
Jonard Ratcheting Cable Cutter for 336ACSR

Manufacturer Part Number:
RC-336ACSR

Designed for heavy-duty use, This cable cutter is designed to cut 336 MCM (170 mm²) ACSR, 400 MCM (202 mm²) copper, or 600 MCM (304 mm²) aluminum cables, and most cables up to 30mm in diameter. This cable cutter features the following:

- Rugged design with long-lasting cutting blades
- Ratcheting action with ball bearing design reduces stress on hands. One-click per squeeze maximizes cutting force.
- Tool lock to keep handles closed when not in use
- Easy blade release if the tool is stuck or needs to be repositioned
- Tool grips provide added comfort and have built-in guards to protect the hands from slipping

SPECIFICATIONS
